# User Style Settings Cont.

- The [User Style Settings](#) in your account control panel has various options to add flair, personalization, and morale to your [public user profile] on the website.
  - Profile Style – As you can see, there is a lot of customization that you can dive into here. We are handing all the html/css options back to the user if they so choose to upload a custom background image, color, text ect. to their profiles. OR you can just leave it be as per default! (You can see I selected random ugly colors for demo purposes).

# User Profile Block Settings

- The [User Profile Block settings page](#) in your account control panel allows you to alter what information is displayed on your [public website user profile](#).

# Signature

- The [Edit Signature page](#) in your account control panel allows you to upload a signature image which will show under each post made within the forum. (Great spot to upload your flightsuit nametape).

The screenshot displays the 'EDIT SIGNATURE' interface. On the left is a sidebar menu with the following items: 'Your account' (expanded), 'Your profile', 'Alerts', 'Reactions received', 'Bookmarks', 'Pilot Notepad', 'Settings', 'Profile block settings', 'Style settings', 'Account details', 'Password and security', 'Privacy', 'Preferences', 'Signature' (highlighted), 'Connected accounts', 'Following', 'Ignoring', and 'Log out'. The main content area is titled 'EDIT SIGNATURE' and features a rich text editor toolbar with options for bold, italic, text color, background color, bulleted list, numbered list, link, GIF, and emoji. Below the toolbar is a preview of the signature image, which consists of a shark logo, a wing logo with the word 'WING', and a pilot's flight suit nametape. To the right of the preview is a circular logo with the text 'PEACE' and 'THE OLD FASHIONED WAY'. Below the preview is an 'Upload image:' section with a 'Choose File' button and the text 'No file chosen'. Below that, it specifies 'Max file size: 100 MB. Max width: px. Max height: px'. At the bottom right of the main area is a 'Save' button.
